

## EPIC CARE EVERYWHERE PATIENT OPT-OUT FORM

ICHS participates in a Health Information Exchange (HIE) through Epic Care Everywhere that allows health organizations/facilities who utilize Epic as their electronic health care record to exchange electronic health information. The electronic health record is shared through secure, electronic means and follows such providers to have the most recent available information to care for you as a patient.

You may opt out if you do not want your health information to be shared with your treating provider(s) through Epic Care Everywhere. If you opt out, you also have a right to opt back in at any time by completing this form.

- I understand this means that other care teams will not be able to obtain my health information through Epic Care Everywhere. My care team can still obtain my medical records through other methods.
  - I understand that any information that was shared through Epic Care Everywhere previously will remain available to providers who have access unless I request to remove the previous record by marking the box below and initial at the line

  - I understand by opting out my care team will no longer be able to obtain records from outside providers (including hospitals and facilities) using Epic Care Everywhere. Records will need to be requested manually.

  - I understand that opting out of Epic Care Everywhere at one ICBS clinic site will also opt-out for all other ICBS sites.
